

Memorandum

Date: October 2, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 8(A)(2)

From: Carlos A. Gimenez
Mayor

Subject: Ratification of Acceptance and Execution of Supplemental Joint Participation Agreement No. 42048319401 with the Florida Department of Transportation for \$1,580,786 toward the Pavement Rehabilitation of Runway 8 Right-26 Left at Miami International Airport

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution ratifying the actions of the Mayor or the Mayor's designee, pursuant to provisions of the Miami-Dade Aviation Department's (MDAD's) Expedite Ordinance No. 95-64, codified as Section 2-285 (6) of the Miami-Dade County Code, in accepting and executing the attached Supplemental Joint Participation Agreement (SJPA) No. 42048319401 with the Florida Department of Transportation (FDOT) in the amount of \$1,580,786 for the pavement rehabilitation of Runway 8 Right-26 Left and Taxiway "N" at Miami International Airport (MIA).

SCOPE

The project associated with this SJPA is located within Commissioner Rebeca Sosa's District 6; however, the impact of this item is countywide as MIA is a regional asset.

FISCAL IMPACT

Pursuant to Resolutions Nos. R-482-09 and R-337-10, the Board approved the Runway 8 Right-26 Left Pavement Rehabilitation project at a cost of \$27,592,946.90*. This project began in September 14, 2009, and was completed on December 9, 2010. The initial Joint Participation Agreement (JPA) provided \$1,262,776 from the FDOT. This SJPA provides additional FDOT funding of \$1,580,786. The FAA contributed \$18,770,712 to the project through Airport Improvement Program Agreements Nos. 3-12-0049-059-2009, 3-12-0049-61-2009 and 3-12-0049-63-2010. MDAD's Capital Improvement Program funded the remaining \$5,978,672.90.

*Note: The attached FDOT SJPA documents reflect an earlier project cost estimate of \$27,172,852.

PROJECT MONITOR

The project is managed by MDAD Chief of Civil Engineering Ernesto Beltre, P.E. The SJPA is managed by Chief of Aviation Grants Norma Mata.

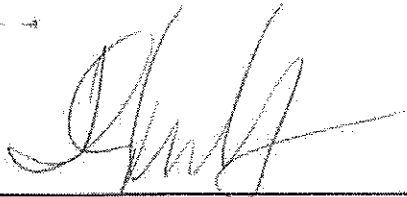

BACKGROUND

Through Resolution No. R-94-10, the Board approved JPA No. 42048319401 for the Runway 8 Right-26 Left project. The project was divided into three phases. Phase 1 involved the survey, layout, and removal of existing runway lighting. Phase 2 involved the removal of one inch of asphalt runway pavement and replacing it with three inches of asphalt; rehabilitation of the taxiway connectors; the curing, grooving, and marking of the surface; and residual work, including the adjustment of lighting. Phase 3 involved the rehabilitation of Taxiway "N" pavement and lighting and included removal and

replacement of all centerline cables, ducts and light for the entire length of the taxiway (which parallels Runway 8 Right-26 Left); the connectors between Taxiway "N" and "M", an upgrade of the existing FAA-threshold bar-lighting system, restoration of existing pavement markings, installation of new, elevated taxiway edge lights, and restoration of the associated asphalt with pavement grooving.

The rehabilitation of Runway 8 Right-26 Left corrected surface defects resulting from weathering, oxidation and longitudinal cracking that are normal occurrences with runways, and provided increased reliability and safety to this vital MIA runway. The project mitigates recurring pavement maintenance, and thus reduces impacts to operations.

It is therefore recommended that the Board ratify the actions of the Mayor or the Mayor's designee in accepting and executing the SJPA No. 42048319401 for the rehabilitation of MIA Runway 8 Right-26 Left.
